Freeze the procedure before opening the test

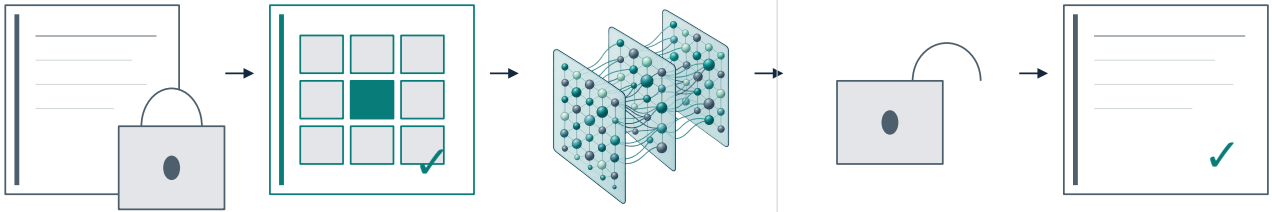

1 **Protocol freeze**

2 **Structural pretest**

3 **Finite-output pretest**

4 **One-time opening**

5 **Reviewed summary**

Task · data · labels · split
fit · selection · metrics
calibration · seeds · stop

Training and validation only

Held-out test

Values and limits

Pre-test repairs

No result-driven retuning

◆ Post-test bug: record protocol-invalidating error

AI-generated conceptual illustrations. Native labels and relationships.
