Openness is a seven-part record

(a) Asset-level availability

Img2Mol

model

ADME-Fang-v1

dataset

	Img2Mol	ADME-Fang-v1
Inference code	+ available	– not applicable
Training code	× not available	– not applicable
Weights	+ available	– not applicable
Architecture	+ available	– not applicable
Data recipe	? unverified	+ available
Training data	? unverified	? unverified
Evaluation code	× not available	– not applicable

Record review: 2026-10-21. Availability does not establish unrestricted use.

(b) Separate record axes

Lifecycle active · legacy · superseded · unmaintained · withdrawn · unverified

Access open source · open weights · source available · research only
gated · API only · closed · unverified

Unverified preserves an unresolved claim. It does not mean unavailable.

AI-generated conceptual illustrations. Native labels and relationships.
